

Symposium

Neuro-Oncological Aspects in Modern Neurosurgery of 21st Century

Friday, January 31, 2020

Conference Auditorium, Academy of Sciences and Arts of Bosnia and Herzegovina, Bistrik 7, Sarajevo, Bosnia and Herzegovina

Organized by

Under the High Auspices of the Academy of Arts
and Sciences of Bosnia and Herzegovina (ANUBiH)

The Association of Neurosurgeons
in Bosnia and Herzegovina

Southeast Europe
Neurosurgical Society

Endorsed by

Clinical Center University of Sarajevo

Semmes-Murphey Clinic, Memphis, TN, USA

Department of Neurosurgery, University of Tennessee, Memphis, TN, USA

Croatian Society for Cerebrovascular and Endovascular Neurosurgery

Sarajevofarm Pharmaceuticals

Kenan Arnautović, MD, PhD

Dear friends,

It provides us a great pleasure and pride to host this important scientific and educational event in our hometown Sarajevo, capital of our nation Bosnia-Herzegovina. We are honored to have the leaders of neurosurgery and related fields from South-East European countries sharing and discussing with us their wisdom on the topic and future directions of research and clinical implications of neuro-oncological problems we are faced in our every day practices. During our meeting, we will continue to enrich the great neurosurgical collaboration across the Balkan Peninsula.

It is a great privilege that the highest scientific institution in our Country-Academy of Arts and Sciences of Bosnia and Herzegovina (ANUBiH)- has recognized and hosted this event. We are sure our guests will enjoy the hospitality and the beauty of Sarajevo and Bosnia and Herzegovina along with its worldwide famous great Bosnian Cuisine.

Welcome to Sarajevo!

Kenan Arnautović

Ibrahim Omerhodžić, MD, PhD

Dear Friends and Colleagues,

As President of the Association of Neurosurgeons in Bosnia and Herzegovina (UNUBiH) it gives me a great pleasure to welcome you to this prestigious neurooncology meeting in Sarajevo. In the 18th year of our Association founding, we continue to be inspired by the passion and commitment to find the best solutions for some of the most challenging medical issue – brain tumors. All of us in UNUBiH, but also in Southeast Europe Neurosurgical Society (SeENS), are dedicated in promoting the transmission and exchange of scientific information and techniques related to contemporary neurosurgery in the region. We are constantly working on organizing educational meetings in order to provide learning opportunities for all neurosurgeons, especially young colleagues and residents. We hope this symposium will be not only scientific event but also a memorable social and networking experience for all of you.

With best wishes,

Ibrahim Omerhodzic

Thursday, January 30, 2020, 18:00

Welcome Reception and Dinner

Friday, January 31, 2020, 08:00

Symposium main event

Friday, January 31, 2020, 19:00

Social Networking Dinner

PART 1. SEENS SESSION

Moderators: Ibrahim Omerhodžić – Krešimir Rotim – Lukas Rasulić – Kenan Arnautović

08:15 - 08:45	Registration	
08:45 - 09:15	Opening Ceremony	Kenan Arnautović, Ibrahim Omerhodžić, Lukas Rasulić, Krešimir Rotim, Lidija Lincender-Cvijetić
09:15 - 09:30	The role of neurosurgeon in glioma research - a personal perspective	Ștefan Florian (Cluj, Romania)
09:30 - 09:45	Transcortical-transventricular approach in colloid cysts of the third ventricle	Ihsan Solaroğlu (Istanbul, Turkey)
09:45 - 10:00	Peripheral nerve tumors as an ongoing challenges in neurooncology-biological and technical nuances	Lukas Rasulić (Belgrade, Serbia)
10:00 - 10:15	Mapping options for cortical and subcortical mapping in intracranial glioma surgery	Konstantinos Fountas (Larisa, Greece)
10:15 - 10:30	Complications of Gama Knife radiosurgery in neurooncological problems	Selçuk Peker (Istanbul, Turkey)
10:30 - 10:45	Coffee Break	
10:45 - 11:00	Combined microsurgical, endoscopic assisted and neuronavigation approach for resection of pituitary tumors	Kenan Arnautović (Memphis, TN, USA)
11:00 - 11:15	Management strategies for the avoidance of complications after surgery for brain gliomas	Krešimir Rotim (Zagreb, Croatia)
11:15 - 11:30	Complication avoidance in endoscopic endonasal microsurgery of craniopharyngioma and TBS meningioma	Roman Bošnjak (Ljubljana, Slovenia)
11:30 - 11:45	Influence of molecular immunoprofiling compared with the extent of surgical resection in overall survival of patients harboring high grade gliomas	Aleksandar Čaparoski (Skopje, North Macedonia)
11:45 - 12:00	Aspects of brain glioblastoma treatment and outcome in elderly	Bruno Splavski (Zagreb, Croatia)
12:00 - 13:00	Buffet Lunch	

PART 2. UNUBIH SESSION

Moderators: Haso Sefo – Mirsad Hodžić – Goran Lakičević – Rasim Skomorac

13:00 - 13:10	Epilepsy and brain tumors	Enra Suljić (Sarajevo, BiH)
13:10 - 13:20	Posterior cranial fossa tumors	Zulejha Merhemić (Sarajevo, BiH)
13:20 - 13:30	Diagnosis and treatment of pediatric brain tumors	Mirsad Hodžić (Tuzla, BiH)

13:30 - 13:40	Fluorescein sodium usage in brain tumor surgery in Neurosurgical department in Zenica, BiH - initial experience	Rasim Skomorac (Zenica, BiH)
13:40 - 13:50	Tumors of the pontocerebellar angle	Ibrahim Omerhodžić (Sarajevo, BiH)
13:50 - 14:00	Molecular diagnostics of CNS tumors	Nuriya Bilalović (Sarajevo, BiH)
14:00 - 14:10	Cranial stereotactic radiosurgery: current status	Velda Smailbegović (Sarajevo, BiH)
14:10 - 14:20	Spontaneous bleeding into acoustic neurinomas on patients with blood thinners	Mirza Pojskić (Marburg, Germany)
14:20 - 14:40	Coffee Break	

PART 3. SLOVENIAN NEUROSURGICAL SOCIETY SESSION

Moderators: Eldin Burazerović – Roman Bošnjak – Janez Ravnik – Zlatko Ercegović

14.40 - 14.50	Endoscopic endonasal approach for tumors in the clival region	Janez Ravnik (Maribor, Slovenia)
14.50 - 15.00	Modern approach in the treatment of spinal metastatic tumors	Matjaž Voršič (Maribor, Slovenia)
15.00 - 15.07	Continuous dynamic subcortical mapping: an effective method to achieve complete tumour resection with preservation of motor pathways	A. Porčnik, J. Pešak, B. Prestor (Ljubljana, Slovenia)
15.07 - 15.14	Navigated endoport in endoscope-assisted microsurgery of intraventricular and other deep seated brain lesions	R. Bošnjak, T. Velnar, A. Jeglič, T. Felbabić (Ljubljana, Slovenia)
15.14 - 15.21	The isolation process of glioblastoma cells	T.Velnar, L.Gradišnik, U.Maver (Ljubljana, Slovenia)
15.21 - 15.28	Spinal cord stimulation as the pain management in spinal metastases	Mitja Benedičić (Ljubljana, Slovenia)
15.28 - 15.35	Awake craniotomy for primary brain tumors - our experience	T.Žele, T.Velnar, B.Koritnik, J.Markovič, R.Bošnjak (Ljubljana, Slovenia)
15.35 - 15.42	The presence of neurotropic viruses and the role of inflammation markers in patients with malignant gliomas	Tadej Strojnik (Maribor, Slovenia)
15.42 - 15.49	Extensive posterolateral approach for giant spinal epidural tumors	Janez Ravnik (Maribor, Slovenia)
15.49 - 16.00	Closing remarks	

Accommodation

Hotel Holiday, Zmaja od Bosne 4, Sarajevo, Sarajevo, Bosnia and Herzegovina

To Make Reservations, please call:
Ms. Arnela Skoro, Msc, Sales Manager
Phone: T: +387 33 288 600 (8:00-16:00)

Special Discounted rates for Symposium (Please declare under „Neurosurgical Symposium“):

Single Bed – 90,00 BAM (46,02 EUR)

Two Bed – 105,00 BAM (53,69 EUR)

Conference Auditorium, Academy of Sciences and Arts of Bosnia and Herzegovina

**Bistrik 7, Sarajevo,
Bosnia and Herzegovina**
